Opened in 1988, Tommy Africa's has been at the forefront of Whistler Night life ever since. Featuring most styles of music including its always popular Monday night- 80's night. They also sometimes have live music but Tommy's has firmly established as a dance music mecca with some huge acts playing here over the years. Benny Benassi, DJ Jazzy Jeff and Roger Sanchez have all made the journey to Whistler to play at Tommy's. [{youtube}-_tESeQDTGE{/youtube}](#)

Inside the club is quite spacious with lots of dancing space and undoubtedly the coolest DJ box in Whistler. They also have a great sound and light system as well as being the pioneers of GoGo dancers in Whistler. The lines can get big at the weekends when there are lots of stagettes around so get there early.

Tommy's is located just beside the main Taxi Loop

Hours are from 9pm - 2am,

Sundays 9pm - 1am.
